### Profile

I'm a Graphic Design and Fine art graduate, based in Letterkenny. After achieving my Fine Art degree I began working freelance as an illustrator, selling digital & watercolour illustrations. However, I wanted to learn more about design and in 2019 I attended Graphic Design exploring a new found passion.

I am a multidisciplinary designer and have an interest in multiple areas of design. I am extremely well organised, a creative thinker and I am dedicated to design.
